tagstore and TagTree: Storing and Re-Finding Files Using Tags

Graz University of Technology, Austria
* Institute for Software Technology (IST)
** Institute for Information Systems and Computer Media (IICM)
karl.voit@ist.tugraz.at  kandrews@iicm.edu  wolfgang.slany@tugraz.at

Principle

Information Architecture Aspects

folder hierarchy vs. tags
one tagline, no controlled vocabulary
two taglines, no controlled vocabulary
one tagline, controlled vocabulary
two taglines, controlled vocabulary
describer vs. categoriser

Selected Reference
